ACG52RFS N/L

52" Cart Model Open Grill BBQ with Solid Flat Plate

Two Year Full Warranty

Capital offers a Two Year Full Warranty covering all parts and labour to ensure peace of mind.

Stainless Steel Grill Plate

12" wide, 10mm thick stainless steel grill plate designed for usage above the 30 Mj Infrared Zone Burner, allowing it to reach extremely high temperatures.

The thickness of the plate helps to make it extremely durable and maintain temperatures.

Smart Drip Tray

Smart drip system which catches fats and oils. Sitting below the grill surface, the tray is supported by a ball bearing slide system and is removable to make it easy to clean.

Stainless Steel Hood

Featuring Lift-Assist technology to provide easy access and reduce energy required to open the hood. The double layered hood reduces heat loss and maintains safe external hood temperatures while minimizing heat discoloration and warping.

Stainless Steel Ceramic Rods

Designed to evenly distribute heat across the cooking surface by reducing flare ups and preventing flames from directly reaching food.

Stainless Steel Ceramic Rods are a Capital exclusive.

Removable Warming Rack

Provides additional cooking space and room to cool your perfectly cooked meats before serving. Can be easily removed.

Zone Cooking Feature

Zone cooking allows optimisation of temperature zones. Each burner has a heat divider between them which prevents the heat diverting to the neighbouring zone.

Quality Hand Crafted Construction

High quality seamless stainless steel product created to the highest standards by Capital's expert manufacturing team.

Stainless Steel Channelled Grates & Smoker Box

Solid Stainless Steel channelled grates encourage oil drainage and are designed for longer life and reducing flare-ups.

The stainless steel smoker box will have you creating deep, smoky flavours in your BBQ.

W Shaped Burner

Our exclusive dual W shaped burner is made of 100% stainless steel and is engineered to produce a larger heated area, eliminating hotspots. Sparks up with hot surface glow ignition system, providing high heat for zone style cooking results.

30Mj Infrared-Zone Burner

Infrared-Zone Cooking with a 10mm thick stainless steel flat plate gives you a quick sear with high radiant temperatures of up to 1000°C that keeps food tastier and healthier.

Flush Mounted Rotisserie

The high-powered integrated hidden rotisserie motor helps to provide a clean look and boasts a flush mounted infrared burner at the rear of the BBQ. The stainless steel rod and 2 forks supplied will hold up to a massive 25kg.
